

**A UNIQUE EVENT
YOU SHOULDN'T MISS!**

THE 2008 RE-ENGINEERING AUSTRALIA FORUM

National Finals & Awards Presentation

26th November 2008, The Great Hall, Parliament House Canberra

For 10 years Re-Engineering Australia Forum has been successfully inspiring hundreds of thousands of young Australians to pursue engineering and related careers via a series of nationwide 'career pathway' innovation-based programs. A hallmark of our initiatives is providing access to multi-million dollar world-best technology, collaborating with industry, and creating role models and heroes. From kindergarten age right through to tertiary. Companies and individuals can support this work by becoming an Education Benefactor of the REA Forum Foundation.

Be a hero and help

INSPIRE

our next generation of engineers.

Let our next generation

INSPIRE

you with their achievements.

Help our students

INSPIRE

our politicians to action.

Re-Engineering Australia National Final & Awards Presentation

26th November 2008, The Great Hall, Parliament House Canberra

We need you to join us in the Great Hall of Parliament House Canberra on the evening of 26th November. To show your support for our up and coming innovators. To congratulate our new national champions who will go on to represent Australia at the world championships in England. To help show our politicians what our children can achieve if given the right support and tools. With Industry and Government working together we can help Young Australians take on the world.

Invest to Inspire: Register @ \$100 per head with Cathy Madden.
